# NESTING BOX

- Impact-resistant polyethylene will not rust, rot, or corrode
- Plastic surface is easy to keep clean
- Open design enables easier access to eggs in some coops
- Floor is graded slightly, leading to a drainage hole in back of unit
- Can be mounted vertically or side by side or can sit on a shelf
- **Compare to metal and wood units:**
  - ✓ Does not get as cold in winter months
  - ✓ As easy to clean
  - ✓ Less expensive
  - ✓ No assembly required
  - ✓ Won't mold or harbor mites

Official FFA® Licensed Product

Covered plastic nesting box also available.

 **MADE IN THE USA**
